

**TRINITY**  
**SCHOOL**  
EST. 1961

Dear Trinity Families,

As you may be aware, San Mateo County was moved from the Orange Tier to the Red Tier today, with restrictions increasing by the move. For more information on the tiers, please see [COVID-19 Tier Information](#).

While the change in tiers does not require a change in Trinity's ability to remain open, it is a signal of the increasing COVID-19 metrics in our county. Furthermore, it is a strong reminder to be vigilant in our health and safety protocols at school and in our community. Later this week, I will be sending home additional information regarding risk levels associated with the holidays. The holidays, combined with the onset of the flu season, will depend on each one of us to be vigilant for the good of our entire community.

If you're interested, please see [News Release on Impact 11/16](#) from the San Mateo County Office of Education on the impact on schools of the country's move to the Red Tier.

While each family will assess their own individual risk, we know we have exceeded the guidelines as outlined by in the [SMCOE Pandemic Recovery Framework](#). We will continue to place the highest priority on the health and safety of your children as they learn in-person - and from a distance - at Trinity.

As always, my door is open and I welcome your input or questions.

Be well,

Matt
